

## THIS WEEK IN THE BIBLE

The Old Testament records the beginning of Israel's golden age. David's son Solomon takes the throne and becomes renowned for his God-given wisdom and wealth, which he uses to build the great Temple of the Lord. The book of Acts records another beginning, as Jesus ascends into heaven and the Holy Spirit fills the apostles at Pentecost. Led by Peter, they set out to spread the Good News to the world.

## THIS WEEK IN THE BIBLE

In the Old Testament, the kingdom of Israel begins its long, slow decline. The nation splits in two, and each successive king leads the people further and further from God. In response, God raises up the great prophet Elijah to set his people straight. In the New Testament, the apostles receive their first taste of serious opposition. A man named Saul persecutes the Christians mercilessly, leading a mob to arrest and murder Christians. But God isn't done with Saul yet.

## THIS WEEK IN THE BIBLE

We see the early Christian faith overcome all obstacles as it spreads like wildfire. Even imprisonment and the looming threat of execution don't stop Peter and Paul from establishing and strengthening churches throughout the Roman empire. In the Old Testament, Elijah goes toe-to-toe with King Ahab and Queen Jezebel as he fights against the idolatry that's taken root in Israel.

## THIS WEEK IN THE BIBLE

Life in the divided kingdom of Israel becomes increasingly turbulent and bloody. Armies clash and rulers assassinate one another as they jockey for power. Priests and prophets do their best to lead Israel back to God, but the northern kingdom's continued disobedience incurs dire consequences. In the New Testament, the gospel spreads to Greece, where it clashes with the pagan faith there. Paul braves imprisonment and riots to continue his mission.
